

EDITORIALS

- 769 I. Just a little oxygen to breathe as you go off to sleep. . . is it always a good idea?
A. B. Lumb
- 772 II. Forty years of closing volume
G. B. Drummond and J. Milic-Emili

REVIEW ARTICLE

- 775 Gabapentin: a multimodal perioperative drug?
V. K. F. Kong and M. G. Irwin

CARDIOVASCULAR

- 787 Minimum alveolar concentration of halogenated volatile anaesthetics in left ventricular hypertrophy and congestive heart failure in rats
T. Barbry, M. Le Guen, V. De Castro, P. Coriat, B. Riou and B. Vivien

CLINICAL PRACTICE

- 794 Transfusion strategy for primary knee and hip arthroplasty: impact of an algorithm to lower transfusion rates and hospital costs
V. Martinez, A. Monsaigne-Lion, K. Cherif, T. Judet, M. Chauvin and D. Fletcher
- 801 Prevalence of anaemia before major joint arthroplasty and the potential impact of preoperative investigation and correction on perioperative blood transfusions
E. Saleh, D. B. L. McClelland, A. Hay, D. Semple and T. S. Walsh
- 809 Preoperative shuttle walking testing and outcome after oesophagogastrectomy
P. Murray, P. Whiting, S. P. Hutchinson, R. Ackroyd, C. J. Stoddard and C. Billings
- 812 Impaired vitamin B12 metabolic status in healthcare workers occupationally exposed to nitrous oxide
W. Krajewski, M. Kucharska, B. Pilacik, M. Fobker, J. Stetkiewicz, J.-R. Nofer and T. Wrońska-Nofer
- 819 Analysis of the composition of 'original' and generic sevoflurane in routine use
M. Yamakage, N. Hirata, H. Saijo, J.-I. Satoh and A. Namiki

CRITICAL CARE

- 824 Determinants of outcome in critically ill octogenarians after surgery: an observational study
P. N. R. Ford, I. Thomas, T. M. Cook, E. Whitley and C. J. Peden
- 830 Exogenous adrenomedullin prevents and reverses hypodynamic circulation and pulmonary hypertension in ovine endotoxaemia
C. Ertmer, A. Morelli, S. Rehberg, M. Lange, C. Hucklenbruch, H. Van Aken, M. Booke and M. Westphal

NEUROSCIENCES AND NEUROANAESTHESIA

- 837 Midlatency auditory evoked potentials in children: effect of age and general anaesthesia
M. Daunderer, M. S. Feuerecker, B. Scheller, N. B. Pape, D. Schwender and G. E. Kuhnle

- 845 EEG variables as measures of arousal during propofol anaesthesia for general surgery in children: rational selection and age dependence
C. Jeleazcov, J. Schmidt, B. Schmitz, K. Becke and S. Albrecht

OBSTETRICS

- 855 Spontaneous spinal epidural haematoma: a rare cause of quadriplegia in the post-partum period
S. Bose, Z. Ali, G. P. Rath and H. Prabhakar

PAEDIATRICS

- 858 Differential electroencephalographic response to tracheal intubation between young and elderly during isoflurane- and sevoflurane-nitrous oxide anaesthesia
T. Matsuura, Y. Oda, K. Ikeshita, K. Nishikawa, K. Ito and A. Asada
- 864 Inter-individual variability in propofol pharmacokinetics in preterm and term neonates
K. Allegaert, M. Y. Peeters, R. Verbesselt, D. Tibboel, G. Naulaers, J. N. de Hoon and C. A. Knibbe

PAIN

- 871 Effect of communication on pain during intravenous cannulation: a randomized controlled trial
J. Dutt-Gupta, T. Bown and A. M. Cyna
- 876 Reduction of pain during induction with target-controlled propofol and remifentanyl
J.-R. Lee, C.-W. Jung and Y.-H. Lee

REGIONAL ANAESTHESIA

- 881 Effect of epinephrine on epidural, intrathecal, and plasma pharmacokinetics of ropivacaine and bupivacaine in sheep
M. Ratajczak-Enselme, J.-P. Estebe, F.-X. Rose, E. Wodey, J.-M. Malinovsky, F. Chevanne, G. Dollo, C. Ecoffey and P. Le Corre

RESPIRATION AND THE AIRWAY

- 891 Air entrainment during high-frequency jet ventilation in a model of upper tracheal stenosis
P. W. Buczkowski, F. N. Fombon, E. S. Lin, W. C. Russell and J. P. Thompson
- 898 Responsive Contingency Planning: a novel system for anticipated difficulty in airway management in dental abscess
S. Darshane, P. Groom and P. Charters
- 906 Predictive value of the El-Ganzouri multivariate risk index for difficult tracheal intubation: a comparison of Glidescope® videolaryngoscopy and conventional Macintosh laryngoscopy
P. Cortellazzi, L. Minati, C. Falcone, M. Lamperti and D. Caldiroli
- 912 Intubating laryngeal mask as a ventilatory device during percutaneous dilatational tracheostomy: a descriptive study
U. Linstedt, F. Möller, N. Grote, M. Zenz and A. Prengel
