EDITORIALS

I. Editorial note
S. M. Yentis and R. P. Mahajan 493

II. The incidence of intraoperative awareness in the UK: under the rate or under the radar?
Michael S. Avidan and George A. Mashour 494

III. What is normal or not?
J. Benn and I. K. Moppett 497

SPECIAL ARTICLE

A national survey of anaesthetists (NAP5 Baseline) to estimate an annual incidence of accidental awareness during general anaesthesia in the UK
J. J. Pandit, T. M. Cook, W. R. Jonker and E. O’Sullivan, on behalf of the 5th National Audit Project (NAP5) of the Royal College of Anaesthetists and the Association of Anaesthetists of Great Britain, Ireland 501

REVIEW ARTICLES

Goal-directed therapy in cardiac surgery: a systematic review and meta-analysis
H. D. Aya, M. Ceccconi, M. Hamilton and A. Rhodes 510

Falls and major orthopaedic surgery with peripheral nerve blockade: a systematic review and meta-analysis
R. L. Johnson, S. L. Kopp, J. R. Hebl, P. J. Erwin and C. B. Mantilla 518

Do team processes really have an effect on clinical performance? A systematic literature review
J. Schmutz and T. Manser 529

CARDIOVASCULAR

Randomized controlled trial of goal-directed haemodynamic treatment in patients with proximal femoral fracture
E. Bartha, C. Arfwedson, A. Immell, M. E. Fernlund, L. E. Andersson and S. Kalman 545

CLINICAL PRACTICE

Role of N-terminal pro B-type natriuretic peptide in identifying patients at high risk for adverse outcome after emergent non-cardiac surgery
S. Farzi, T. Stojakovic, Th. Marko, C. Sankin, P. Rehak, R. Gumpert, A. Baumann, B. Höfler, H. Metzler and E. Mahla 554

Automated control of end-tidal inhalation anaesthetic concentration using the GE Aisys Carestation™
S. Singaravelu and P. Barclay 561

NEUROSCIENCES AND NEUROANAESTHESIA

Comparison of motor-evoked potentials monitoring in response to transcranial electrical stimulation in subjects undergoing neurosurgery with partial vs no neuromuscular block

Transcranial Doppler velocimetry in aneurysmal subarachnoid haemorrhage: intra- and interobserver agreement and relation to angiographic vasospasm and mortality
J. M. Staalsø, T. Edsen, B. Romner and N. V. Olsen 577

Prediction of fluid responsiveness in mechanically ventilated children undergoing neurosurgery

*Articles marked with 🎧 have a related podcast available online.
Please see http://bja.oxfordjournals.org/our_journals/bjaint/podcast.html
Presynaptic inhibition of the release of multiple major central nervous system neurotransmitter types by the inhaled anaesthetic isoflurane
R. I. Westphalen, K. M. Desai and H. C. Hemmings Jr 592

OBSTETRICS

Evaluation of experimental pain tests to predict labour pain and epidural analgesic consumption
B. Carvalho, M. Zheng and L. Aiono-Le Tagaloa 600

PAEDIATRICS

Effect of intravenous fluid therapy on postoperative vomiting in children undergoing tonsillectomy

Replacement of aprotinin by ε-aminocaproic acid in infants undergoing cardiac surgery: consequences for blood loss and outcome

PAIN

Surgical pleth index-guided remifentanil administration reduces remifentanil and propofol consumption and shortens recovery times in outpatient anaesthesia

RESPIRATION AND THE AIRWAY

Proportion of surgical patients with undiagnosed obstructive sleep apnoea
M. Singh, P. Liao, S. Kobah, D. N. Wijeysundera, C. Shapiro and F. Chung 629

TRANSLATIONAL RESEARCH

Sevoflurane suppresses tumour necrosis factor-α-induced inflammatory responses in small airway epithelial cells after anoxia/reoxygenation
K. Watanabe, C. Iwahara, H. Nakayama, K. Iwabuchi, T. Matsukawa, K. Yokoyama, K. Yamaguchi, Y. Kamiyama and E. Inada 637

Partial antagonism of propofol anaesthesia by physostigmine in rats is associated with potentiation of fast (80—200 Hz) oscillations in the thalamus
S. J. Reed, G. Plourde, S. Tobin and C. A. Chapman 646

CORRESPONDENCE

Correspondence 654

BOOK REVIEWS

Book Reviews 666

RETRACTION

Notice of formal retraction of articles by Dr Y. Fujii 669
